

**STABILITY GIVES GRANT PROGRAM
SPONSORSHIP AND DONATION APPLICATION**

Stability Cannabis reviews applications for contributions on a monthly basis, in the month following application. Applications must be received at least 60 days prior to any event sponsorship to receive consideration and all organizations must be based in Oklahoma with a strong track record of governance to be considered.

Additionally, organizations who deploy at least 80 percent of income on programs rather than administrative costs will receive priority consideration. We believe in supporting organizations who are aligned with "Stability Passions". Specifically, organizations who have a focus on the following societal issues will receive priority consideration:

- Reducing opioid abuse in Oklahoma and positive health outcomes
- Sports based youth programs designed to increase graduation rates and reduce crime
- Increasing entrepreneurship, particularly female entrepreneurship, in Oklahoma

Programs and organizations must be willing to prominently display Stability Cannabis as a sponsor and donor. As such, any organizations unwilling to publicly align with a cannabis company should not apply. In addition to this application, organizations are encouraged to submit any promotional information or educational information on the event and/or organization along with the application.
